DETAILED ACTION

Allowable Subject Matter

1. Claims 1-5, 7-9 and 11-16 allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone or in combination, fails to teach or disclose in light of the specifications, 1) a portal imaging device positioning apparatus and method attachable to a radiation therapy device gantry, comprising a first mode and a second mode, wherein in the first mode the portal imaging device positioner maintains an imaging panel in position to receive radiation passing through a body maintained in a patient plane for measuring patient dosimetry during treatment, and wherein in the second mode portal imaging device positioner maintains the imaging panel to receive radiation substantially at the patient plane in a characterization mode for device commissioning for treatment; 2) a portal imaging device positioning apparatus attachable to a radiation therapy device gantry wherein the vertical drive unit is adjustable in the first mode such that a top of the support is substantially adjacent a top of the mounting cavity, and adjustable in the second mode such that a bottom of the support is substantially adjacent to a bottom of the mounting cavity; 3) a portal imaging device positioning method comprising adjusting an imaging panel operably secured to a radiation therapy device gantry from a first position in a first mode below a patient plane to a second characterization mode at a patient plane; the adjusting comprising temporarily securing a vertically positioned imaging panel to a telescoping support.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
